DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 13 February 2006 has been entered.

Election/Restrictions

The amendment filed on 13 February 2006 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because the previously examined claims were directed towards a method for delivery short-duration video segments using a session manager that managed the distribution of video segments based upon bandwidth availability. The newly presented claims are directed towards a system that delivers video segments based upon segment access frequencies as opposed to bandwidth considerations.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission

or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD
